Atlantic Coast major port observer sites

One synthetic water position for each of 22 East Coast ports in the 2023 USACE top 150

Port · 2023 rank

- B1 · Searsport ME — rank 141 · 44.449174° N, -68.906964° W
- B2 · Portland ME — rank 78 · 43.648779° N, -70.247938° W
- B3 · Portsmouth NH — rank 136 · 43.082207° N, -70.744383° W
- B4 · Boston — rank 63 · 42.353758° N, -71.023990° W
- B5 · Providence — rank 69 · 41.809669° N, -71.389192° W
- B6 · New Haven — rank 51 · 41.270076° N, -72.912766° W
- B7 · New York and New Jersey — rank 4 · 40.681022° N, -74.059726° W
- B8 · South Jersey — rank 29 · 39.939082° N, -75.121092° W
- B9 · Philadelphia — rank 19 · 39.889620° N, -75.138211° W
- B10 · Wilmington DE — rank 61 · 39.714252° N, -75.503412° W
- B11 · Baltimore — rank 14 · 39.228619° N, -76.559072° W
- B12 · Virginia Hampton Roads — rank 9 · 36.948842° N, -76.330821° W
- B13 · Morehead City — rank 116 · 34.718528° N, -76.701729° W
- B14 · Wilmington NC — rank 56 · 34.187929° N, -77.957108° W
- B15 · Charleston — rank 24 · 32.780492° N, -79.931477° W
- B16 · Savannah — rank 15 · 31.948621° N, -80.850187° W
- B17 · Brunswick GA — rank 101 · 31.130239° N, -81.489289° W
- B18 · Jacksonville — rank 33 · 30.406286° N, -81.403695° W
- B19 · Port Canaveral — rank 68 · 28.414292° N, -80.610523° W
- B20 · Palm Beach — rank 115 · 26.768536° N, -80.051309° W
- B21 · Port Everglades — rank 28 · 26.089549° N, -80.119784° W
- B22 · PortMiami — rank 50 · 25.770290° N, -80.182553° W

Port scope follows the U.S. Army Corps of Engineers 2023 Leading U.S. Ports table: all Atlantic-coast ports ranked in the top 150 by total tonnage. Site coordinates are the nearest water-cell centers to the listed approximate port-area anchors in the project's 500 m Natural Earth mask. River-port points are harbor or entrance approaches where the coarse mask does not resolve every inland channel. This map is for experiment planning, not navigation.
